BRITISH POSSESSIONS.

Caution when approaching British Ports.

No. 59 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1 of 1921), are republished :—

PART I.

Closing of Ports.

Former Notice.—No. 1 of 1920 (*This Office No. 43 of 1920*); hereby cancelled.

(1) My Lords Commissioners of the Admiralty, having taken into consideration the fact that it may be necessary to forbid all entrance to certain ports of the Empire, this is to give Notice that on approaching the shores of the United Kingdom, or any of the ports or localities of the British Empire, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (5), Part II of this Notice, and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) If entrance to a port is prohibited, three *red* vertical lights by night, or three *red* vertical balls by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (5), Part II of this Notice.

If these signals are displayed, vessels must approach the port with the greatest caution and implicitly obey all orders or signals given them by the Examination vessel or signal station.

(3) At some ports or localities at home or abroad, search-lights are occasionally exhibited for exercise.

Instructions have been given to avoid directing moveable search-lights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a sharp look-out for the signals indicated in paragraph (2) above, when search-lights are observed to be working.

PART II.

Examination Service.

(4) In certain circumstances it is also necessary to take special measures to examine vessels desiring to enter ports or localities at home or abroad.

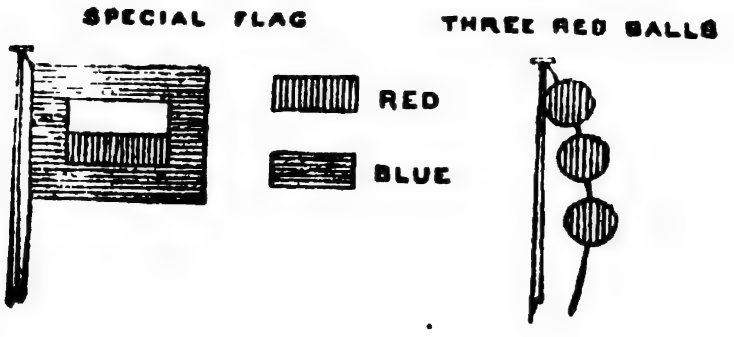
(5) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (7) will be charged with the duty of examining ships which desire to enter the port and of allotting positions in which they shall anchor. If Government vessels, or vessels belonging to the local port authority, are found patrolling in the offing, merchant vessels are advised to communicate with such vessels with a view to obtaining information as to the course on which they should approach the port. Such communication will not be necessary in cases where the pilot on board has already received this information from the local authorities

(6) As the institution of the Examination Service at any port will never be publicly advertised, especial care should be taken in approaching the ports, by day or night, to keep a sharp look-out for any vessel carrying the flags or lights mentioned in paragraph (7), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun or sound rocket.

In approaching by night any British port in the United Kingdom or abroad, serious delay and risk will be avoided if four efficient all round lanterns, two *red* and two *white*, are kept available for use.

(7) **By day** the distinguishing flag of the Examination Steamer will be a special flag (white and red horizontal surrounded by a blue border).

Also, three red vertical balls if the port is closed.



Usually the Examination Steamers will fly the blue ensign, but at certain ports they will fly the white ensign.

By night the steamer will carry :—

(*a*) Three *red* vertical lights if the port is closed.
(*b*) Three *white* vertical lights if the port is open.

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light around the horizon.

(8) Masters are warned that, when approaching a British port where the Examination Service is in force, they must have the signal letters of their vessel ready to hoist immediately the Examination Steamer makes the signal "What ship is that?"

(9) Masters are warned that, before attempting to enter any port where the Examination Service is in force, they must in their own interests strictly obey all instructions given to them by the Examination Steamer.

Whilst at anchor in the Examination Anchorage, Masters are warned that it is forbidden, except for the purpose of avoiding accident, to do any of the following things, without permission from the Examination Officer :—

To lower any boat.
To communicate with the shore or with other ships.
To move the ship.
To work cables.
To allow any person or thing to leave the ship.

(10) In case of fog, Masters are enjoined to use the utmost care, and the port should be approached with caution.

(11) When the Examination Service is in force merchant vessels when approaching ports are especially cautioned against making use of private signals of any description, either by day or night; the use of them will render a vessel liable to be fired on.

(12) The pilots attached to the ports will be acquainted with the regulations to be followed.

PART III.

Mine-sweeping operations.

H.M. Vessels engaged in mine-sweeping operations or exercises are hampered to a considerable extent in their manœuvring powers.

With a view to indicating the nature of the work on which they are engaged, these vessels will show the signals hereinafter mentioned. For the public safety all other vessels, whether steamers or sailing craft, should endeavour to keep out of the way of vessels flying these signals and not approach them inside the distances mentioned herein, specially remembering that it is dangerous to pass between the vessels of a pair or group sweeping together.

1. Signals that will be shown by day.

(*a*) By vessels working singly :

A black ball at the foremast head, and a similar ball at each yardarm or where they can best be seen.

Vessels showing this signal should not be approached nearer than 900 yards (822^{m}9).

(*b*) By vessels working in pairs or groups :

A black ball at the foremast head, and a similar ball at the yardarm or where it can best be seen, on that side on which it is dangerous to pass.

Vessels should not pass within a distance of 400 yards (365^{m}8) astern of a pair or group of sweepers, or when more than one pair or group are working in company within a distance of 400 yards (365^{m}8) astern of the rear pair or group. They should on no account attempt to pass between pairs or groups working in company.

2. SIGNALS THAT WILL BE SHOWN BY NIGHT.

As for day, except that all-round green lights will be used in a similar manner to and in place of the black ball.

RESOLUTION ON THE SURVEY AND SETTLEMENT REPORTS FOR THE YEAR ENDING THE 30th SEPTEMBER 1920.

GOVERNMENT OF BENGAL.

REVENUE DEPARTMENT.

Land Revenue Branch.

CALCUTTA, THE 14TH MARCH 1921.

RESOLUTION—No. 2051L.R.

READ—

The Survey and Settlement Reports for the year ending the 30th September 1920.

DURING the year under review the number of survey parties, which had been reduced to three during the war, was restored to four. Traverse

survey was continued in the districts of Bankura, Jessore and Nadia and was begun in Pabna. The programme included a total area of 3,148 square miles, and of this all but 67 square miles was completed.

The Survey Department also carried out various miscellaneous surveys. The survey of the town of Howrah, begun in 1913-14, was finished.

2. The Director of Land Records has submitted an interesting report of the survey and settlement work under his control. The report deals with the closing stages of the operations in the districts of Midnapore, Mymensingh, Rajshahi, Tippera and Noakhali, where little remained to be done. It is interesting to note that records of rights have now been prepared in more than half of the area in this Presidency to which the Bengal Tenancy Act applies.

3. The work was in full swing in the districts of Bankura, Jessore and Nadia, and since the close of the year a fourth party has begun work in the districts of Pabna and Bogra. The Governor in Council does not consider it necessary to review in detail the work done in each district. An area of 2,477 square miles was cadastrally surveyed, records for 2,346 square miles were attested, and records for 2,008 square miles were finally published. These figures compare favourably with the previous year's work. and it is satisfactory to note that, although a large part of the areas in which the operations were being conducted is unhealthy and sickness was common, yet, generally speaking, the work was kept well up to the programme.

4. In the district of Nadia the prevalence of the *utbandi* tenancy not only makes attestation difficult, but also complicates statistics and delays the final scrutiny of the record. The rules which were framed when this form of tenancy came under discussion in connection with the Rajshahi settlement have been followed. Landlords seem to have shown little inclination to adopt the suggestion that *utbandi* lands should, when possible, be converted into ordinary raiyati holding, by compromise, but it is satisfactory that the tension and dissatisfaction have not been so great as at one time seemed likely. In about a quarter of the whole area representing *utbandi* tenancies the raiyats were recorded as having occupancy rights.

5. Survey and settlement records are reported to be freely used in all branches of the administration. The sale of well over a million khatians and 17,000 maps shows that the records are appreciated by the public.

6. Major F. C. Hirst was in charge of the Bengal Survey Department up to the 2nd December 1919, when he was placed on deputation. He resumed charge of his duties on the 18th March 1920 and proceeded on leave from the 15th May 1920. Mr. C. A. O'Donel held charge of the department during his absence. Mr. F. A. Sachse, I.C.S., was in charge of the Department of Land Records, Bengal, up to the 20th February 1920, when he went on leave. Mr. W. H. Nelson, I.C.S., officiated as Director of Land Records up to the 20th August 1920, when Mr. Sachse returned from leave and held charge of the department for the rest of the year. The Governor in Council has much pleasure in acknowledging the services rendered by these officers and by Messrs F. W. Robertson, J. M. Pringle and Khan Bahadur Muhammad Abdul Momen. Their names and those of the other officers mentioned in the last two paragraphs of the survey and settlement reports will be noted.

ORDER—Ordered that this Resolution be published in the *Calcutta Gazette* and that a copy of it, together with copies of the two reports, be submitted to the Government of India.

By order of the Governor in Council,

Secretary to the Government of Bengal (offg.).

Calcutta.

2. A description of the scheme is given as follows :—

Description of the Scheme.

This Improvement Scheme deals with an area of 41·73 acres. Within the area of the scheme will be laid out the southern length of the Central Avenue 100 feet wide extending from Prinsep Street to Dhurumtolla : the southern end of Bentinck Street will also be widened to 84 feet.

All the land included in the scheme will be relaid out in building sites of considerable size, as it is intended that the area should be occupied by business premises, rather than buildings of a residential character.

Provision is made for the acquisition of all land within the blue verge on the plan as being required for or affected by the execution of the scheme.

The existing streets within the area will be closed or altered as shown in the plan and an open space will be formed around the Mosque at the junction of Bentinck Street and Dhurumtolla, and a small playground will be laid out abutting on Prinsep Street.

The roadway in the Central Avenue will be 56 feet wide, and two inches of asphaltum will be laid on 9 inches of lime concrete.

The roadway in Bentinck Street will be 54 feet wide constructed in the same manner.

Side streets will be laid with water bound stone macadam.

The existing sewers, filtered and unfiltered water pipes, also gas mains and telephone cables will be taken up and relaid along the altered streets.

In the Central Avenue two 9" service mains for filtered and unfiltered water-supply will be laid under each footpath.

The tramway lines in Bentinck Street will be relaid in the centre of the widened roadway.

The Board attach great importance to securing unity in the architectural treatment of buildings to be erected on the main roads within the area of the scheme, and will prescribe conditions in this behalf to be complied with by builders.

the Interpretation Act, 1889, applies for the interpretation of this Order in like manner as it applies for the interpretation of an Act of Parliament, and as if this Order were an Act of Parliament.

3. This Order shall apply to India and shall be deemed to have come into operation as from the date when the Treaty of Peace came into force, that is to say, the sixteenth day of July, nineteen hundred and twenty.

4. This Order may be cited as the India Treaty of Peace (Austria) Order, 1921.

SCHEDULE.

SECTIONS III TO VII OF PART X OF THE TREATY.

Section III—Debts.

ARTICLE 248.

There shall be settled, through the intervention of Clearing Offices to be established by each of the High Contracting Parties within three months of the notification referred to in paragraph (*e*) hereafter, the following classes of pecuniary obligations:—

(1) Debts payable before the war and due by a national of one of the Contracting Powers residing within its territory, to a national of an Opposing Power, residing within its territory;

(2) Debts which became payable during the war to nationals of one Contracting Power residing within its territory and arose out of transactions or contracts with the nationals of an Opposing Power, resident within its territory, of which the total or partial execution was suspended on account of the existence of a state of war;

(3) Interest which was accrued due before and during the war to a national of one of the Contracting Powers in respect of securities issued or taken over by an Opposing Power provided that the payment of interest on such securities to the nationals of that Power or to neutrals has not been suspended during the war;

(4) Capital sums which have become payable before and during the war to nationals of one of the Contracting Powers in respect of securities issued by one of the Opposing powers, provided that the payment of such capital sums to nationals of that Power or to neutrals has not been suspended during the war.

In the case of interest or capital sums payable in respect of securities issued or taken over by the former Austro-Hungarian Government, the amount to be credited and paid by Austria will be the interest or capital in respect only of the debt for which Austria is liable in accordance with part IX (Financial Clauses) of the present Treaty, and the principles laid down by the Reparation Commission.

The proceeds of liquidation of enemy property, rights, and interests mentioned in section IV and in the Annex thereto will be accounted for through the Clearing Offices, in the currency and at the rate of exchange hereinafter provided for in paragraph (*d*), and disposed of by them under the conditions provided by the said Section and Annex.

The settlements provided for in this article shall be effected according to the following principles and in accordance with the Annex to this Section :—

(*a*) Each of the High Contracting Parties shall prohibit, as from the coming into force of the present Treaty, both the payment and the acceptance of payment of such debts, and also all communications between the interested parties with regard to the settlement of the said debts otherwise than through the Clearing Offices;

(*b*) Each of the High Contracting Parties shall be respectively responsible for the payment of such debts due by its nationals, except in the cases where before the war the debtor was in a state of bankruptcy or failure, or had given formal indication of insolvency, or where the debt was due by a company whose business has been liquidated under emergency legislation during the war;

(*c*) The sums due to the nationals of one of the High Contracting Parties by the nationals of an Opposing State will be debited to the Clearing Office of the country of the debtor, and paid to the creditor by the Clearing Office of the country of the creditor;

(*d*) Debts shall be paid or credited in the currency of such one of the Allied and Associated Powers, their colonies or protectorates, or the British Dominions or India, as may be concerned. If the debts are payable in some other currency, they shall be paid or credited in the currency of the country concerned, whether an Allied or Associated Power, Colony, Protectorate, British Dominion, or India, at the pre-war rate of exchange.

For the purpose of this provision, the pre-war rate of exchange shall be defined as the average cable transfer rate prevailing in the Allied or Associated country concerned during the month immediately preceding the outbreak of war between the said country concerned and Austria-Hungary.

If a contract provides for a fixed rate of exchange governing the conversion of the currency in which the debt is stated into the currency of the Allied or Associated country concerned, then the above provisions concerning the rate of exchange shall not apply.

In the case of the new States of Poland and the Czecho-Slovak State the currency in which and the rate of exchange at which debts shall be paid or credited shall be determined by the Reparation Commission provided for in Part VIII, unless they shall have been previously settled by agreement between the States interested;

(*e*) The provisions of this Article and of the Annex hereto shall not apply as between Austria, on the one hand, and any one of the Allied and Associated Powers, their colonies or protectorates, or any one of the British Dominions or India, on the other hand, unless within a period of one month the deposit of the ratification of the present Treaty by the Power in question or of the ratification on behalf of such Dominion or of India, notice to that effect is given to Austria by the Government of such Allied or Associated Power or of such Dominion or of India as the case may be;

(*f*) The Allied and Associated Powers which have adopted this Article and the Annex hereto may agree between themselves to apply them to their respective nationals established in their territory so far as regards matters between their nationals and Austrian nationals. In this case the payments made by application of this provision will be subject to arrangements between the Allied and Associated Clearing Offices concerned.

ANNEX.

1.

Each of the High Contracting Parties will, within three months from the notification provided for in Article 248, paragraph (*e*), establish a Clearing Office for the collection and payment of enemy debts.

Local Clearing Offices may be established for any particular portion of the territories of the High Contracting Parties. Such local Clearing Offices may perform all the functions of a central Clearing Office in their respective

districts, except that all transactions with the Clearing Office in the Opposing State must be effected through the central Clearing Office.

2.

In this Annex the pecuniary obligations referred to in the first paragraph of Article 248 are described as "enemy debts," the persons from whom the same are due as "enemy debtors," the persons to whom they are due as "enemy creditors," the Clearing Office in the country of the creditor is called the "Creditor Clearing Office" and the Clearing Office in the country of the debtor is called the "Debtor Clearing Office."

3.

The High Contracting Parties will subject contraventions of paragraph (*a*) of Article 248 to the same penalties as are at present provided by their legislation for trading with the enemy. They will similarly prohibit within their territory all legal process relating to payment of enemy debts, except in accordance with the provisions of this Annex.

4.

The Government guarantee specified in paragraph (*b*) of Article 248 shall take effect whenever, for any reason, a debt shall not be recoverable, except in a case where at the date of the outbreak of war the debt was barred by the laws of prescription in force in the country of the debtor, or where the debtor was at that time in a state of bankruptcy or failure or had given formal indication of insolvency, or where the debt was due by a company whose business has been liquidated under emergency legislation during the war. In such case, the procedure specified by this Annex shall apply to payment of the dividends.

The terms "bankruptcy" and "failure" refer to the application of legislation providing for such juridical conditions. The expression "formal indication of insolvency" bears the same meaning as it has in English law.

5.

Creditors shall give notice to the Creditor Clearing Office within six months of its establishment of debts due to them, and shall furnish the Clearing Office with any documents and information required of them.

The High Contracting Parties will take all suitable measures to trace and punish collusion between enemy creditors and debtors. The Clearing Offices will communicate to one another any evidence and information which might help the discovery and punishment of such collusion.

The High Contracting Parties all facilitate as much as possible postal and telegraphic communication at the expense of the parties concerned and through the intervention of the Clearing Offices between debtors and creditors desirous of coming to an agreement as to the amount of their debt.

The Creditor Clearing Office will notify the Debtor Clearing Office of all debts declared to it. The Debtor Clearing Office will, in due course, inform the Creditor Clearing Office which debts are admitted and which debts are contested. In the latter case, the Debtor Clearing Office will give the grounds for the non-admission of debt.

6.

When a debt has been admitted, in whole or in part, the Debtor Clearing Office will at once credit the Creditor Clearing Office with the amount admitted, and at the same time notify it of such credit.

7.

The debt shall be deemed to be admitted in full and shall be credited forthwith to the Creditor Clearing Office unless within three months from the receipt of the notification, or such longer time as may be agreed to by the Creditor Clearing Office, notice has been given by the Debtor Clearing Office that it is not admitted.

8.

When the whole or part of a debt is not admitted the two Clearing Offices will examine into the matter jointly and will endeavour to bring the parties to an agreement.

9.

The Creditor Clearing Office will pay to the individual creditor the sums credited to it out of the funds placed at its disposal by the Government of its country and in accordance with the conditions fixed by the said Government, retaining any sums considered necessary to cover risks, expenses or commissions.

10.

Any person having claimed payment of an enemy debt which is not admitted in whole or in part shall pay to the Clearing Office, by way of fine, interest at 5 per cent. on the part not admitted. Any person having unduly refused to admit the whole or part of a debt claimed from him shall pay, by way of fine, interest at 5 per cent. on the amount with regard to which his refusal shall be disallowed.

Such interest shall run from the date of expiration of the period provided for in paragraph 7 until the date on which the claim shall have been disallowed or the debt paid.

Each Clearing Office shall, in so far as it is concerned, take steps to collect the fines above provided for, and will be responsible if such fines cannot be collected.

The fines will be credited to the other Clearing Office, which shall retain them as a contribution towards the cost of carrying out the present provisions.

11.

The balance between the Clearing Offices shall be struck monthly and the credit balance paid in cash by the debtor State within a week.

Nevertheless, any credit balances which may be due by one or more of the Allied and Associated Powers shall be retained until complete payment shall have been effected of the sums due to the Allied or Associated Powers or their nationals on account of the war.

12.

To facilitate discussion between the Clearing Offices each of them shall have a representative at the place where the other is established.

13.

Except for special reasons all discussions in regard to claims will, so far as possible, take place at the Debtor Clearing Office.

14.

In conformity with Article 248, paragraph (*b*), the High Contracting Parties are responsible for the payment of the enemy debts owing by their nationals.

The Debtor Clearing Office will therefore credit the Creditor Clearing Office with all debts admitted, even in case of inability to collect them from the individual debtor. The Governments concerned will, nevertheless, invest their respective Clearing Offices with all necessary powers for the recovery of debts which have been admitted.

15.

Each Government will defray the expenses of the Clearing Office set up in its territory, including the salaries of the staff.

16.

Where the two Clearing Offices are unable to agree whether a debt claimed is due, or in case of a difference between an enemy debtor and an enemy creditor or between the Clearing Offices, the dispute shall either be

referred to arbitration, if the parties so agree under conditions fixed by agreement between them, or referred to the Mixed Arbitral Tribunal provided for in section VI, hereafter.

At the request of the Creditor Clearing Office the dispute may, however, be submitted to the jurisdiction of the Courts of the place of domicile of the debtor.

17.

Recovery of sums found by the Mixed Arbitral Tribunal, the Court, or the Arbitration Tribunal to be due shall be effected through the Clearing Offices as if these sums were debts admitted by the Debtor Clearing Office.

18.

Each of the Governments concerned shall appoint an agent who will be responsible for the presentation to the Mixed Arbitral Tribunal of the cases conducted on behalf of its Clearing Office. This agent will exercise a general control over the representatives or counsel employed by its nationals.

Decisions will be arrived at on documentary evidence, but it will be open to the Tribunal to hear the parties in person, or according to their preference by their representatives approved by the two Governments, or by the agent referred to above, who shall be competent to intervene along with the party or to reopen and maintain a claim abandoned by the same.

19.

The Clearing Offices concerned will lay before the Mixed Arbitral Tribunal all the information and documents in their possession, so as to enable the Tribunal to decide rapidly on the cases which are brought before it.

20.

Where one of the parties concerned appeals against the joint decision of the two Clearing Offices he shall make a deposit against the costs, which deposit shall only be refunded when the first judgment is modified in favour of the appellant and in proportion to the success he may attain, his opponent in case of such a refund being required to pay an equivalent proportion of the costs and expenses. Security accepted by the Tribunal may be substituted for a deposit.

A fee of 5 per cent. of the amount in dispute shall be charged in respect of all cases brought before the Tribunal. This fee shall, unless the Tribunal directs otherwise, be borne by the unsuccessful party. Such fee shall be added to the deposit referred to. It is also independent of the security.

The Tribunal may award to one of the parties a sum in respect of the expenses of the proceedings.

Any sum payable under this paragraph shall be credited to the Clearing Office of the successful party as a separate item.

21.

With a view to the rapid settlement of claims, due regard shall be paid in the appointment of all persons connected with the Clearing Offices or with the Mixed Arbitral Tribunal to their knowledge of the language of the other country concerned.

Each of the Clearing Offices will be at liberty to correspond with the other and to forward documents in its own language.

22.

Subject to any special agreement to the contrary between the Governments concerned debts shall carry interest in accordance with the following provisions:

Interest shall not be payable on sums of money due by way of dividend, interest or other periodical payments which themselves represent interest on capital.

The rate of interest shall be 5 per cent. per annum, except in cases where, by contract, law or custom, the creditor is entitled to payment of interest at a different rate. In such cases the rate to which he is entitled shall prevail.

Interest shall run from the date of commencement of hostilities (or, if the sum of money to be recovered fell due during the war, from the date at which it fell due) until the sum is credited to the Clearing Office of the creditor.

Sums due by way of interest shall be treated as debts admitted by the Clearing Offices and shall be credited to the Creditor Clearing Office, in the same way as such debts.

23.

Where by decision of the Clearing Offices or the Mixed Arbitral Tribunal a claim is held not to fall within Article 248, the creditor shall be at liberty to prosecute the claim before the Courts or to take such other proceedings as may be open to him.

The presentation of a claim to the Clearing Office suspends the operation of any period of prescription.

24.

The High Contracting Parties agree to regard the decisions of the Mixed Arbitral Tribunal as final and conclusive, and to render them binding upon their nationals.

25.

In any case where a Creditor Clearing Office declines to notify a claim to the Debtor Clearing Office, or to take any step provided for in this Annex intended to make effective in whole or in part a request of which it has received due notice, the enemy creditor shall be entitled to receive from the Clearing Office a certificate setting out the amount of the claim, and shall then be entitled to prosecute the claim before the courts or to take such other proceedings as may be open to him.

SECTION IV.—PROPERTY, RIGHTS AND INTERESTS.

ARTICLE 249.

The question of private property, rights and interests in an enemy country shall be settled according to the principles laid down in this Section and to the provisions of the Annex hereto.

(*a*) The exceptional war measures and measures of transfer (defined in paragraph 3 of the Annex hereto) taken in the territory of the former Austrian Empire with respect to the property, rights and interests of nationals of Allied or Associated Powers, including companies and associations in which they are interested when liquidation has not been completed, shall be immediately discontinued, or stayed and the property, rights, and interests concerned restored to their owners.

(*b*) Subject to any contrary stipulations which may be provided for in the present Treaty, the Allied and Associated Powers reserve the right to retain and liquidate all property, rights and interests which belong at the date of the coming into force of the present Treaty to nationals of the former Austrian Empire, or companies controlled by them, and are within the territories, colonies, possessions and protectorates of such Powers (including territories ceded to them by the present Treaty) or are under the control of those Powers.

The liquidation shall be carried out in accordance with the laws of the Allied or Associated State concerned, and the owner shall not be able to dispose of such property, rights or interests nor to subject them to any charge without the consent of that State.

Persons who within six months of the coming into force of the present Treaty show that they have acquired *ipso facto* in accordance with its provisions the nationality of an Allied or Associated Power, including those who under Article 72 or 76 obtain such nationality with the consent of the competent authorities, or who under Article 74 or 77 acquire such nationality in virtue of previous rights of citizenship (*pertinenza*) will not be considered as nationals of the former Austrian Empire within the meaning of this paragraph.

(*c*) The price or the amount of compensation in respect of the exercise of the right referred to in paragraph (*b*) will be fixed in accordance with the methods of sale or valuation adopted by the laws of the country in which the property has been retained or liquidated.

(*d*) As between the Allied and Associated Powers and their nationals on the one hand and nationals of the former Austrian Empire on the other hand, as also between Austria on the one hand and the Allied and Associated Powers and their nationals on the other hand, all the exceptional war measures, or measures of transfer, or acts done or to be done in execution of such measures as defined in paragraphs 1 and 3 of the Annex hereto shall be considered as final and binding upon all persons except as regards the reservations laid down in the present Treaty.

(*e*) The nationals of Allied and Associated Powers shall be entitled to compensation in respect of damage or injury inflicted upon their property, rights or interests, including any company or association in which they are interested, in the territory of the former Austrian Empire, by the application either of the exceptional war measures or measures of transfer mentioned in paragraphs 1 and 3 of the Annex hereto. The claims made in this respect by such nationals shall be investigated, and the total of the compensation shall be determined by the Mixed Arbitral Tribunal provided for in Section VI or by an arbitrator appointed by that Tribunal. This compensation shall be borne by Austria, and may be charged upon the property of nationals in the former Austrian Empire, or companies controlled by them, as defined in paragraph (*b*), within the teritorry or under the control of the claimant's State. This property may be constituted as a pledge for enemy liabilities under the conditions fixed by paragraph 4 of the Annex hereto. The payment of this compensation may be made by the Allied or Associated State, and the amount will be debited to Austria.

(*f*) Whenever a national of an Allied or Associated Power is entitled to property which has been subjected to a measure of transfer in the territory of the former Austrian Empire and expresses a desire for its restitution, his claim for compensation in accordance with paragraph (*e*) shall be satisfied by the restitution of the said property if it still exists in specie.

In such case Austria shall take all necessary steps to restore the evicted owner to the possession of his property, free from all encumbrances or burdens with which it may have been charged after the liquidation, and to indemnify all third parties injured by the restitution.

If the restitution provided for in this paragraph cannot be effected, private agreements arranged by the intermediation of the Powers concerned or the Clearing Offices provided for in the Annex to Section III may be made, in order to secure that the national of the Allied or Associated Power may secure compensation for the injury referred to in paragraph (*e*) by the grant of advantages or equivalents which he agrees to accept in place of the property, rights or interests of which he was deprived.

Through restitution in accordance with this Article, the price or the amount of compensation fixed by the application of paragraph (*e*) will be reduced by the actual value of the property restored, account being taken of compensation in respect of loss of use or deterioration.

(*g*) The rights conferred by paragraph (*f*) are reserved to owners who are nationals of Allied or Associated Powers within whose territory legislative measures prescribing the general liquidation of enemy property, rights or interests were not applied before the signature of the Armistice.

(*h*) Except in cases where, by application of paragraph (*f*), restitutions in specie have been made, the net proceeds of sales of enemy property, rights or interests wherever situated carried out either by virtue of war legislation, or by application of this Article, and in general all cash assets of enemies, other than proceeds of sales of property or cash assets in Allied or Associated countries belonging to persons covered by the last sentence of paragraph (*b*) above, shall be dealt with as follows:—

(1) As regards Powers adopting Section III and the Annex thereto, the said proceeds and cash assets shall be credited to the Power of which the owner is a national, through the Clearing Office established thereunder, any credit balance in favour of Austria resulting therefrom shall be dealt with as provided in article 189, Part VIII (Reparation) of the present Treaty.

(2) As regards Powers not adopting Section III and the Annex thereto, the proceeds of the property, rights and interests, and the cash assets, of the nationals of Allied or Associated Powers held by Austria shall be paid

immediately to the person entitled thereto or to his Government; the proceeds of the property, rights and interests, and the cash assets of nationals of the former Austrian Empire, or companies controlled by them, as defined in paragraph (*b*), received by an Allied or Associated Power shall be subject to disposal by such Power in accordance with its laws and regulations and may be applied in payment of the claims and debts defined by this Article or paragraph 4 of the Annex hereto. Any such property, rights and interests or proceeds thereof or cash assets not used as above provided may be retained by the said Allied or Associated Power, and, if retained, the cash value thereof shall be dealt with as provided in Article 189, Part VIII (Reparation) of the present Treaty.

(*i*) Subject to the provisions of Article 267, in the case of liquidations effected in new States, which are signatories of the present Treaty as Allied and Associated Powers, or in States which are not entitled to share in the reparation payments to be made by Austria, the proceeds of liquidations effected by such States shall, subject to the rights of the Reparation Commission under the present Treaty, particularly under Articles 181, Part VIII (Reparation), and 211, Part IX (Financial Clauses), be paid direct to the owner. If, on the application of that owner, the Mixed Arbitral Tribunal provided for by Section VI of this Part, or an arbitrator appointed by that Tribunal, is satisfied that the conditions of the sale or measures taken by the Government of the State in question outside its general legislation were unfairly prejudicial to the price obtained, they shall have discretion to award to the owner equitable compensation to be paid by that State.

(*j*) Austria undertakes to compensate her nationals in respect of the sale or retention of their property, rights, or interests in Allied or Associated States.

(*k*) The amount of all taxes or imposts on capital levied or to be levied by Austria on the property, rights and interests of the nationals of the Allied or Associated Powers from November 3, 1918, until three months from the coming into force of the present Treaty, or, in the case of property, rights or interests which have been subjected to exceptional measures of war, until restitution in accordance with the present Treaty, shall be restored to the owners.

ARTICLE 250.

Austria undertakes, with regard to the property, rights, and interests, including companies and associations in which they were interested, restored to nationals of Allied and Associated Powers in accordance with the provisions of article 249, paragraph (*a*) or (*f*):

(*a*) To restore and maintain, except as expressly provided in the present Treaty. the property, rights, and interests of the nationals of Allied or Associated Powers in the legal position obtaining in respect of the property, rights, and interests of nationals of the former Austrian Empire under the laws in force before the war;

(*b*) Not to subject the property, rights or interests of the nationals of the Allied or Associated Powers to any measures in derogation of property rights which are not applied equally to the property, rights and interests of Austrian nationals, and to pay adequate compensation in the event of the application of these measures.

ANNEX.

1.

In accordance with the provisions of article 249, paragraph (*d*), the validity of vesting orders and of orders for winding up of business or companies, and of any other orders, directions, decisions or instructions of any court or any department of the Government of any of the High Contracting Parties made or given, or purporting to be made or given, in pursuance of war legislation with regard to enemy property, rights and interests is confirmed. The interests of all persons shall be regarded as having been effectively dealt with by any order, direction, decision or instruction dealing with property in which they may be interested, whether or not such interests are specially mentioned in the order, direction, decision or instruction. No question shall be raised as to the regularity of a transfer of any property, rights or interests dealt with in pursuance of any such order,

direction, decision or instruction. Every action taken with regard to any property, business or company, whether as regards its investigation, sequestration, compulsory administration, use, requisition, supervision or winding up, the sale or management of property, rights or interests, the collection or discharge of debts, the payment of costs, charges or expenses, or any other matter whatsoever, in pursuance of orders, directions, decision or instructions of any court or of any department of the Government of any of the High Contracting Parties, made or given, or purporting to be made or given, in pursuance of war legislation with regard to enemy property, rights or interests, is confirmed. Provided that the provisions of this paragraph shall not be held to prejudice the titles to property heretofore acquired in good faith and for value and in accordance with the laws of the country in which the property is situated by nationals of the Allied and Associated Powers.

The provisions of this paragraph do not apply to such of the above-mentioned measures as have been taken by the former Austro-Hungarian Government in invaded or occupied territory, nor to such of the above-mentioned measures as have been taken by Austria or the Austrian authorities since November 3, 1918, all of which measures shall be void.

2.

No claim or action shall be made or brought against any Allied or Associated Power or against any person acting on behalf of or under the direction of any legal authority or department of the Government of such a Power by Austria or by any Austrian national or by or on behalf of any national of the former Austrian Empire wherever resident in respect of any act or omission with regard to his property, rights or interests during the war or in preparation for the war. Similarly no claim or action shall be made or brought against any person in respect of any act or omission under or in accordance with the exceptional war measures, law or regulations of any Allied or Associated Power.

3.

In article 249, and this annex the expression "exceptional war measures" includes measures of all kinds, legislative, administrative, judicial or others, that have been taken or will be taken hereafter with regard to enemy property, and which have had or will have the effect of removing from the proprietors the power of disposition over their property, though without affecting the ownership, such as measures of supervision, of compulsory administration, and of sequestration; or measures which have had or will have as an object the seizure of, the use of, or the interference with enemy assets, for whatsoever motive, under whatsoever form or in whatsoever place Acts in the execution of these measures include all detentions, instructions, orders or decrees of Government departments or courts applying these measures to enemy property, as well as acts performed by any person connected with the administration or the supervision of enemy property, such as the payment of debts, the collecting of credits, the payment of any costs, charges or expenses, or the collecting of fees.

Measures of transfer are those which have affected or will affect the ownership of enemy property by transferring it in whole or in part to a person other than the enemy owner, and without his consent, such as measures directing the sale, liquidation or devolution of ownership in enemy property, or the cancelling of titles or securities.

4.

All property, rights and interests of nationals of the former Austrian Empire within the territory of any Allied or Associated Power and the net proceeds of their sale, liquidation or other dealing therewith may be charged by that Allied or Associated Power in the first place with payment of amounts due in respect of claims by the nationals of that Allied or Associated Power with regard to their property, rights and interests, including companies and associations in which they are interested, in territory of the former Austrian Empire or debts owing to them by Austrian nationals, and with payment of claims growing out of acts committed by the former Austro-Hungarian Government or by any Austrian authorities since July 28, 1914,

and before that Allied or Associated power entered into the war. The amount of such claims may be assessed by an arbitrator appointed by M. Gustave Ador, if he is willing, or if no such appointment is made by him, by an arbitrator appointed by the Mixed Arbitral Tribunal provided for in Section VI. They may be charged in the second place with payment of the amounts due in respect of claims by the nationals of such Allied or Associated Power with regard to their property, rights and interests in the territory of other enemy Powers, in so far as those claims are otherwise unsatisfied.

5.

Notwithstanding the provisions of Article 249, where immediately before the outbreak of war a company incorporated in an Allied or Associated State had rights in common with a company controlled by it and incorporated in Austria to the use of trade-marks in third countries or enjoyed the use in common with such company of unique means of reproduction of goods or articles for sale in third countries, the former company shall alone have the right to use these trade marks in third countries to the exclusion of the Austrian company, and these unique means of reproduction shall be handed over to the former company, notwithstanding any action taken under war legislation in force in the Austro-Hungarian Monarchy with regard to the latter company or its business, industrial property or shares. Nevertheless the former company, if requested, shall deliver to the latter company derivative copies permitting the continuation of reproduction of articles for use within Austrian territory.

6.

Up to the time when restitution is carried out in accordance with Article 249, Austria is responsible for the conservation of property, rights and interests of the nationals of Allied or Associated Powers, including companies and associations in which they are interested, that have been subjected by her to exceptional war measures.

7.

Within one year from the coming into force of the present Treaty the Allied or Associated Powers will specify the property, rights and interests over which they intend to exercise the right provided in Article 249, paragraph (*f*).

8.

The restitution provided in Article 249 will be carried out by order of the Austrian Government or of the authorities which have been substituted for it. Detailed accounts of the action of administrators shall be furnished to the interested persons by the Austrian authorities upon request, which may be made at any time after the coming into force of the present Treaty.

9.

Until completion of the liquidation provided for by Article 249, paragraph (*b*), the property, rights and interests of the persons referred to in that paragraph will continue to be subject to exceptional war measures that have been or will be taken with regard to them.

10.

Austria will, within six months from the coming into force of the present Treaty, deliver to each Allied or Associated Power all securities, certificates, deeds or other documents of title held by its nationals and relating to property, rights or interests situated in the territory of that Allied or Associated Power, including any shares, stock, debentures, debenture stock or other obligations of any company incorporated in accordance with the laws of that Power.

Austria will at any time on demand of any Allied or Associated Power furnish such information as may be required with regard to the property, rights and interests of Austrian nationals within the territory of such Allied or Associated Power, or with regard to any transactions concerning such property, rights or interests effected since July 1, 1914.

11.

The expression "cash assets" includes all deposits or funds established before or after the existence of a state of war, as well as all assets coming from deposits, revenues or profits collected by administrators, sequestrators or others from funds placed on deposit or otherwise, but does not include sums belonging to the Allied or Associated Powers or to their component States, Provinces or Municipalities.

12.

All investments wheresoever effected with the cash assets of nationals of the High Contracting Parties, including companies and associations in which such nationals were interested, by persons responsible for the administration of enemy properties or having control over such administration, or by order of such persons or of any authority whatsoever, shall be annulled. These cash assets shall be accounted for irrespective of any such investment.

13.

Witthin one month from the coming into force of the present Treaty, or on demand at any time, Austria will deliver to the Allied and Associated Powers all accounts, vouchers, records, documents and information of any kind which may be within Austrian Territory, and which concern the property, rights and interests of the nationals of those Powers, including companies and associations in which they are interested, that have been subjected to have been exceptional war measure, or to a measure of transfer either in the territory of the former Austrian Empire or in territory occupied by that Empire or its allies.

The controllers, supervisors, managers, administrators, sequestrators, liquidators and receivers shall be personally responsible under guarantee of the Austrian Government for the immediate delivery in full of these accounts and documents, and for their accuracy.

14.

The provisions of Article 249 and this Annex relating to property, rights and interests in an enemy country, and the proceeds of the liquidation thereof, apply to debts, credits and accounts, Section III regulating only the method of payment.

In the settlement of matters provided for in Article 249 between Austria and the Allied or Associated Powers, their colonies or protectorates, or any one of the British Dominions or India, in respect of any of which a declarations shall not have been made that they adopt Section III, and between their respective nationals, the provisions of Section III respecting the currency in which payment is to be made and the rate of exchange and of interest shall apply unless the Government of the Allied or Associated Power concerned shall within six months of the coming into force of the present Treaty notify Austria that one or more of the said provisions are not to be applied.

15.

The provisions of Article 249 and this Annex apply to industrial, literary and artistic property which has been or will be dealt with in the liquidation of property, rights, interests, companies, or business under war legislation by the Allied or Associated Powers or in accordance with the stipulations of Article 249, paragraph (*b*).

SECTION V.—CONTRACTS, PRESCRIPTIONS, JUDGMENTS.

ARTICLE 251.

(*a*) Any contract concluded between enemies shall be regarded as having been dissolved as from the time when any two of the parties became enemies, except in respect of any debt or other pecuniary obligation arising out of any act done or money paid thereunder, and subject to the exceptions

and special rules with regard to particular contracts or classes of contracts contained herein or in the Annex hereto.

(*b*) Any contract of which the execution shall be required in the general interest, within six months from the date of the coming into force of the present Treaty, by the Government of the Allied or Associated Power of which one of the parties is a national, shall be excepted from dissolution under this article.

When the execution of the contracts thus kept alive would, owing to the alteration of trade conditions, cause one of the parties substantial prejudice, the Mixed Arbitral Tribunal provided for by Section VI shall be empowered to grant to the prejudiced party equitable compensation.

(*c*) Having regard to the provisions of the constitution and law of the United States of America, of Brazil, and of Japan, neither the present Article, nor Article 252, nor the Annex hereto shall apply to contracts made between nationals of these States and nationals of the former Austrian Empire; nor shall Article 257 apply to the United States of America or its nationals.

(*d*) The present Article and the Annex hereto shall not apply to contracts the parties to which became enemies by reason of one of them being an inhabitant of territory of which the sovereignty has been transferred, if such party shall acquire, under the present Treaty, the nationality of an Allied or Associated Power nor shall they apply to contracts between nationals of the Allied and Associated Powers between whom trading has been prohibited by reason of one of the parties being in Allied or Associated territory in the occupation of the enemy.

(*e*) Nothing in the present Article or the Annex hereto shall be deemed to invalidate a transaction lawfully carried out in accordance with a contract between enemies if it has been carried out with the authority of one of the belligerent Powers.

ARTICLE 252.

(*a*) All periods of prescription, or limitation of right of action, whether they began to run before or after the outbreak of war, shall be treated in the territory of the High Contracting Parties, so far as regards relations between enemies, as having been suspended for the duration of the war. They shall begin to run again at earliest three months after the coming into force of the present Treaty. This provision shall apply to the period prescribed for the presentation of interest or dividend coupons or for the presentation for repayment of securities drawn for repayment on repayable or any other ground.

(*b*) Where on account of failure to perform any act or comply with any formality during the war, measures of execution have been taken in the territory of the former Austrian Empire to the prejudice of a national of an Allied or Associated Power, the claim of such national shall, if the matter does not fall within the competence of the Courts of an Allied or Associated Power, be heard by the Mixed Arbitral Tribunal provided for by Section VI.

(*c*) Upon the application of any interested person who is a national of an Allied or Associated Power, the Mixed Arbitral Tribunal shall order the restoration of the rights which have been prejudiced by the measures of execution referred to in paragraph (*b*), wherever, having regard to the particular circumstances of the case, such restoration is equitable and possible.

If such restoration is inequitable or impossible, the Mixed Arbitral Tribunal may grant compensation to the prejudiced party, to be paid by the Austrian Government.

(*d*) Where a contract between enemies has been dissolved by reason either of failure on the part of either party to carry out its provisions or of the exercise of a right stipulated in the contract itself, the party prejudiced may apply to the Mixed Arbitral Tribunal for relief. The Tribunal will have the powers provided for in paragraph (*c*).

(*e*) The provisions of the preceding paragraphs of this Article shall apply to the nationals of Allied and Associated Powers who have been prejudiced by reason of measures referred to above taken by the authorities of the former Austrian Government in invaded or occupied territory, if they have not been otherwise compensated.

(*f*) Austria shall compensate any third party who may be prejudiced by any restitution or restoration ordered by the Mixed Arbitral Tribunal under the provisions of the preceding paragraphs of this Article.

(*g*) As regards negotiable instruments, the period of three months provided under paragraph (*a*) shall commence as from the date on which any exceptional regulations applied in the territories of the interested Power with regard to negotiable instruments shall have definitely ceased to have force.

ARTICLE 253.

As between enemies no negotiable instrument made before the war shall be deemed to have become invalid by reason only of failure within the required time to present the instrument for acceptance or payment or to give notice of non-acceptance or non-payment to drawers or indorsers or to protest the instrument, nor by reason of failure to complete any formality during the war.

Where the period within which a negotiable instrument should have been presented for acceptance or for payment, or within which notice of non-acceptance or non-payment should have been given to the drawer or indorser, or within which the instrument should have been protested, has elapsed during the war, and the party who should have presented or protested the instrument or have given notice of non-acceptance or non-payment has failed to do so during the war, a period not less than three months from the coming into force of the present Treaty shall be allowed within which presentation, notice of non-acceptance or non-payment or protest may be made.

ARTICLE 254.

Judgments given by the Courts of an Allied or Associated Power in all cases which, under the present Treaty, they are competent to decide, shall be recognised in Austria as final, and shall be enforced without it being necessary to have them declared executory.

If a judgment or measure of execution in respect of any dispute which may have arisen has been given during the war by a judicial authority of the former Austaian Empire against a national of an Allied or Associated Power, or a company or association in which one of such nationals was interested, in a case in which either such national or such company or association was not able to make their defence, the Allied and Associated national who has suffered prejudice thereby shall be entitled to recover compensation to be fixed by the Mixed Arbitral Tribunal provided for in Section VI.

At the instance of the national of the Allied or Associated Power the compensation above mentioned may, upon order to that effect of the Mixed Arbitral Tribunal, be effected where it is possible by replacing the parties in the situation which they occupied before the judgment was given by the Austrian Court.

The above compensation may likewise be obtained before the Mixed Arbitral Tribunal by the nationals of Allied or Associated Powers who have suffered prejudice by judicial measures taken in invaded or occupied territories, if they have not been otherwise compensated.

ARTICLE 255.

For the purpose of Sections III, IV, V and VII the expression "during the war" means for each Allied or Associated Power the period between the commencement of the state of war between that Power and the former Austro-Hungarian Monarchy and the coming into force of the present treaty.

ANNEX.

I.—GENERAL PROVISIONS.

1.

Within the meaning of Articles 251, 252 and 253, the parties to a contract shall be regarded as enemies when trading between them shall have been prohibited by or otherwise became unlawful under laws, orders or regulations to which one of those parties was subject. They shall be deemed to have become enemies from the date when such trading was prohibited or otherwise became unlawful.

2.

The following classes of contracts are excepted from dissolution by Article 251, and, without prejudice to the rights contained in Article 249 (*b*) of Section IV, remain in force subject to the application of domestic laws, orders, or regulations made during the war by the Allied and Associated Powers and subject to the terms of the contracts:

(*a*) Contracts having for their object the transfer of estates or of real or personal property where the property therein had passed or the object had been delivered before the parties became enemies;

(*b*) Leases and agreements for leases of land and houses;

(*c*) Contracts of mortgage, pledge, or lien;

(*d*) Concessions concerning mines, quarries or deposits;

(*e*) Contracts between individuals or companies and States, provinces, municipalities or other similar juridical persons charged with administrative functions and concessions granted by States, provinces, municipalities or other similar juridical persons charged with administrative functions.

3.

If the provisions of a contract are in part dissolved under Article 251, the remaining provisions of that contract shall, subject to the same application of domestic laws as is provided for in paragraph 2, continue in force if they are severable, but where they are not severable the contract shall be deemed to have been dissolved in its entirety.

II.—PROVISIONS RELATING TO CERTAIN CLASSES OF CONTRACTS.

Stock Exchange and Commercial Exchange Contracts.

4.

(*a*) Rules made during the war by any Exchange or Commercial Association providing for the closure of contracts entered into before the war by an enemy are confirmed by the High Contracting Parties, as also any action taken thereunder, provided:

(1) that the contract was expressed to be made subject to the rules of the Exchange or Association in question;

(2) that the rules applied to all persons concerned;

(3) that the conditions attaching to the closure were fair and reasonable.

(*b*) The preceding paragraph shall not apply to rules made during the occupation by Exchanges or Commercial Associations in the districts occupied by the enemy.

(*c*) The closure of contracts relating to cotton "futures," which were closed as on July 31, 1914, under the decision of the Liverpool Cotton Association, is also confirmed.

Security.

5.

The sale of a security held for an unpaid debt owing by an enemy shall be deemed to have been valid irrespective of notice to the owner if the creditor acted in good faith and with reasonable care and prudence, and no claim by the debtor on the ground of such sale shall be admitted.

This stipulation shall not apply to any sale of securities effected by an enemy during the occupation in regions invaded or occupied by the enemy.

Negotiable Instruments.

6.

As regards powers which adopt section III and the Annex thereto the pecuniary obligations existing between enemies and resulting from the issue of negotiable instruments shall be adjusted in conformity with the said Annex by the instrumentality of the Clearing Offices, which shall assume the rights of the holder as regards the various remedies open to him.

7.

If a person has either before or during the war become liable upon a negotiable instrument in accordance with an undertaking given to him by a person who has subsequently become an enemy, the latter shall remain liable to indemnify the former in respect of his liability notwithstanding the outbreak of war.

III Contracts of Insurance.

8.

Contracts of insurance entered into by any person with another person who subsequently became an enemy will be dealt with in accordance with the following paragraphs.

Fire Insurance.

9.

Contracts for the insurance of property against fire entered into by a person interested in such property with another person who subsequently became an enemy shall not be deemed to have been dissolved by the outbreak of war, or by the fact of the person becoming an enemy, or on account of the failure during the war and for a period of three months thereafter to perform his obligations under the contract, but they shall be dissolved at the date when the annual premium becomes payable for the first time after the expiration of a period of three months after the coming into force of the present Treaty.

As settlement shall be effected of unpaid premiums which became due during the war or of claims for losses which occurred during the war.

10.

Where by administrative or legislative action an insurance against fire effected before the war has been transferred during the war from the original to another insurer, the transfer will be recognised and the liability of the original insurer will be deemed to have ceased as from the date of the transfer. The original insurer will, however, be entitled to receive on demand full information as to the terms of the transfer, and if it should appear that these terms were not equitable they shall be amended so far as may be necessary to render them equitable.

Furthermore, the insured shall, subject to the concurrence of the original insurer, be entitled to retransfer the contract to the original insurer as from the date of the demand.

Life Insurance.

11.

Contracts of life insurance entered into between an insurer and a person who subsequently became an enemy shall not be deemed to have been dissolved by the outbreak of war, or by the fact of the person becoming an enemy.

Any sum which during the war became due upon a contract deemed not to have been dissolved under the preceding provision shall be recoverable after the war with the addition of interest at 5 per cent. per annum from the date of its becoming due up to the day of payment.

Where the contract has lapsed during the war owing to non-payment of premiums, or has become void from breach of the conditions of the contract, the assured or his representatives or the persons entitled shall have the right at any time within twelve months of the coming into force of the present Treaty to claim from the insurer the surrender value of the policy at the date of its lapse or avoidance.

Where the contract has lapsed during the war owing to non-payment of premiums the payment of which has been prevented by the enforcement of measures of war, the assured or his representative or the persons entitled shall have the right to restore the contract on payment of the premiums with interest at 5 per cent. per annum within three months from the coming into force of the present Treaty.

12.

Where contracts of life insurance have been entered into by a local branch of an insurance company established in a country which subsequently became an enemy country, the contract shall, in the absence of any stipulation to the contrary in the contract itself, be governed by the local law, but the insurer shall be entitled to demand from the insured or his representatives the refund of sums paid on claims made or enforced under measures taken during the war, if the making or enforcement of such claims was not in accordance with the terms of the contract itself or was not consistent with the laws or treaties existing at the time when it was entered into.

13.

In any case where by the law applicable to the contract the insurer remains bound by the contract notwithstanding the non-payment of premiums until notice is given to the insured of the termination of the contract, he shall be entitled, where the giving of such notice was prevented by the war, to recover the unpaid premiums with interest at 5 per cent. per annum from the insured.

14.

Insurance contracts shall be considered as contracts of life assurance for the purpose of paragraphs 11 to 13 when they depend on the probabilities of human life combined with the rate of interest for the calculation of the reciprocal engagements between the two parties.

Marine Insurance.

15.

Contracts of marine insurance, including time policies and voyage policies entered into between an insurer and a person who subsequently became an enemy, shall be deemed to have been dissolved on his becoming an enemy, except in cases where the risk undertaken in the contract had attached before he became an enemy.

Where the risk had not attached, money paid by way of premium or otherwise shall be recoverable from the insurer.

Where the risk had attached effect shall be given to the contract notwithstanding the party becoming an enemy, and sums due under the contract either by way of premiums or in respect of losses shall be recoverable after the coming into force of the present Treaty.

In the event of any agreement being come to for the payment of interest on sums due before the war to or by the nationals of States which have been at war and recovered after the war, such interest shall in the case of losses recoverable under contracts of marine insurance run from the expiration of a period of one year from the date of the loss.

16.

No contract of marine insurance with an insured person who subsequently became an enemy shall be deemed to cover losses due to belligerent action by the Power of which the insurer was a national or by the Allies or associates of such Power.

17.

Where it is shown that a person who had before the war entered into a contract of marine insurance with an insurer who subsequently became an enemy entered after the outbreak of war into a new contract covering the same risk with an insurer who was not an enemy, the new contract shall be deemed to be substituted for the original contract as from the date when it was entered into, and the premiums payable shall be adjusted on the basis of the original insurer having remained liable on the contract only up till the time when the new contract was entered into.

Other Insurances.

Contracts of insurance entered into before the war between an insurer and a person who subsequently became an enemy, other than contracts dealt

with in paragraphs 9 to 17, shall be treated in all respects on the same footing as contracts of fire insurance between the same persons would be dealt with under the said paragraphs.

Reinsurance.

19.

All treaties of reinsurance with a person who became an enemy shall be regarded as having been abrogated by the person becoming an enemy, but without prejudice in the case of life or marine risks which had attached before the war to the right to recover payment after the war for sums due in respect of such risks.

Nevertheless if, owing to invasion, it has been impossible for the reinsured to find another reinsurer, the treaty shall remain in force until three months after the coming into force of the present Treaty.

Where a reinsurance treaty becomes void under this paragraph, there shall be an adjustment of accounts between the parties in respect both of premiums paid and payable and of liabilities for losses in respect of life or marine risks which had attached before the war. In the case of risks other than those mentioned in paragraphs 11 to 17 the adjustment of accounts shall be made as at the date of the parties becoming enemies without regard to claims for losses which may have occurred since that date.

20.

The provisions of the preceding paragraph will extend equally to reinsurances, existing at the date of the parties becoming enemies, of particular risks undertaken by the insurer in a contract of insurance against any risks other than life or marine risks.

21.

Reinsurance of life risks effected by particular contracts and not under any general treaty remain in force.

22.

In case of a reinsurance effected before the war of a contract of marine insurance, the cession of a risk which had been ceded to the reinsurer shall, if it had attached before the outbreak of war, remain valid and effect be given to the contract notwithstanding the outbreak of war; sums due under the contract of reinsurance in respect either of premiums or of losses shall be recoverable after the war.

23.

The provisions of paragraphs 16 and 17 and the last part of paragraph 15 shall apply to contracts for the reinsurance of marine risks.

SECTION VI.—MIXED ARBITRAL TRIBUNAL.

ARTICLE 256.

(*a*) Within three months from the coming into force of the present Treaty, a Mixed Arbitral Tribunal shall be established between each of the Allied and Associated Powers on the one hand and Austria on the other hand. Each such Tribunal shall consist of three members. Each of the Governments concerned shall appoint one of these members. The President shall be chosen by agreement between the two Governments concerned.

In case of failure to reach agreement, the President of the Tribunal and two other persons, either of whom may in case of need take his place, shall be chosen by the Council of the League of Nations, or, until this is set up, by M. Gustave Ador if he is willing. These persons shall be nationals of Powers that have remained neutral during the war.

If in case there is a vacancy a Government does not proceed within a a period of one month to appoint as provided above a member of the Tribunal, such member shall be chosen by the other Government from the two persons mentioned above other than the President.

The decision of the majority of the members of the Tribunal shall be the decision of the Tribunal.

(*b*) The mixed Arbitral Tribunals established pursuant to paragraph (*a*) shall decide all questions within their competence under sections III, IV, V and VII.

In addition, all questions, whatsoever their nature, relating to contracts concluded before the coming into force of the present Treaty between nationals of the Allied and Associated Powers and Austrian nationals shall be decided by the Mixed Arbitral Tribunal, always excepting questions which, under the laws of the Allied, Associated or Neutral Powers, are within the jurisdiction of the National Courts of those Powers. Such questions shall be decided by the National Courts in question, to the exclusion of the Mixed Arbitral Tribunal. The party who is a national of an Allied or Associated Power may nevertheless bring the case before the Mixed Arbitral Tribunal if this is not prohibited by the laws of his country.

(*c*) If the number of cases justifies it, additional members shall be appointed and each Mixed Arbitral Tribunal shall sit in divisions. Each of these divisions will be constituted as above.

(*d*) Each Mixed Arbitral Tribunal will settle its own procedure except in so far as it is provided in the following Annex, and is empowered to award the sums to be paid by the loser in respect of the costs and expenses of the proceedings.

(*e*) Each Government will pay the remuneration of the member of the Mixed Arbitral tribunal appointed by it and of any agent whom it may appoint to represent it before the Tribunal. The remuneration of the President will be determined by special agreement between the Governments concerned ; and this remuneration and the joint expenses of each Tribunal will be paid by the two Governments in equal moieties.

(*f*) The High Contracting Parties agree that their courts and authorities shall render to the Mixed Arbitral Tribunals direct all the assistance in their power, particularly as regards transmitting notices and collecting evidence.

(*g*) The High Contracting Parties agree to regard the decisions of the Mixed Arbitral Tribunal as final and conclusive, and to render them binding upon their nationals.

ANNEX.

1.

Should one of the members of the Tribunal either die, retire or be unable for any reason whatever to discharge his functions, the same procedure will be followed for filling the vacancy as was followed for appointing him.

2.

The Tribunal may adopt such rules of procedure as shall be in accordance with justice and equity and decide the order and time at which each party must conclude its arguments, and may arrange all formalities required for dealing with the evidence.

3.

The agent and counsel of the parties on each side are authorised to present orally and in writing to the Tribunal arguments in support or in defence of each case.

4.

The Tribunal shall keep record of the questions and cases submitted and the proceedings thereon, with the dates of such proceedings.

5.

Each of the Powers concerned may appoint a secretary. These secretaries shall act together as joint secretaries of the Tribunal and shall be subject to its direction. The Tribunal may appoint and employ any other necessary officer or officers to assist in the performance of its duties.

6.

The Tribunal shall decide all questions and matters submitted upon such evidence and information as may be furnished by the parties concerned

7.

The High Contracting Parties agree to give the Tribunal all facilities and information required by it for carrying out its investigations.

8.

The language in which the proceedings shall be conducted shall, unless otherwise agreed, be English, French, Italian or Japanese, as may be determined by the Allied or Associated Power concerned.

9.

The place and time for the meetings of each Tribunal shall be determined by the President of the Tribunal.

ARTICLE 257.

Whenever a competent court has given or gives a decision in a case covered by Section III, IV, V or VII, and such decision is inconsistent with the provisions of such Sections, the party who is prejudiced by the decision shall be entitled to obtain redress which shall be fixed by the Mixed Arbitral Tribunal. At the request of the national of an Allied or Associated Power, the redress may, whenever possible, be effected by the Mixed Arbitral Tribunal directing the replacement of the parties in the position occupied by them before the judgment was given by the court of the former Austrian Empire.

SECTION VII.—INDUSTRIAL PROPERTY

ARTICLE 258.

Subject to the stipulations of the present Treaty, rights of industrial, literary and artistic property, as such property is defined by the International Conventions of Paris and of Berne, mentioned in Articles 237 and 239, shall be re-established or restored, as from the coming into force of the present Treaty, in the territories of the High Contracting Parties, in favour of the persons entitled to the benefit of them at the moment when the state of war commenced, or their legal representatives. Equally, rights which, except for the war, would have been acquired during the war in consequence of an application made for the protection of industrial property, or the publication of a literary or artistic work, shall be recognised and established in favour of those persons who would have been entitled thereto, from the coming into force of the present Treaty.

Nevertheless, all acts done by virtue of the special measures taken during the war under legislative, executive or administrative authority of any Allied or Associated Power in regard to the rights of nationals of the former Austrian Empire in industrial, literary or artistic property shall remain in force and shall continue to maintain their full effect.

No claim shall be made or action brought by Austria or Austrian nationals or by or on behalf of nationals of the former Austrian Empire in respect of the use during the war by the Government of any Allied or Associated Power, or by any persons acting on behalf or with the assent of such Government of any rights in industrial, literary or artistic property, nor in respect of the sale, offering for sale or use of any products, articles or apparatus whatsoever to which such rights applied.

Unless the legislation of any one of the Allied or Associated Powers in force at the moment of the signature of the present Treaty otherwise directs, sums due or paid in respect of the property of persons referred to in Article 249(b) and in virtue of any act or operation resulting from the execution of the special measures mentioned in the second paragraph of this Article shall be dealt with in the same way as other sums due to such persons are directed to be dealt with by the present Treaty; and sums produced by any special measures taken by the Government of the former

Austrian Empire in respect of rights in industrial, literary or artistic property belonging to the nationals of the Allied or Associated Powers shall be considered and treated in the same way as other debts due from Austrian nationals.

Each of the Allied and Associated Powers reserves to itself the right to impose such limitations, conditions or restrictions on rights of industrial, literary or artistic property (with the exception of trade-marks) acquired before or during the war, or which may be subsequently acquired in accordance with its legislation, by Austrian nationals, whether by granting licences, or by the working, or by preserving control over their exploitation, or in any other way, as may be considered necessary for national defence, or in the public interest, or for assuring the fair treatment by Austria of the rights of industrial, literary and artistic property held in Austrian territory by its nationals, or for securing the due fulfilment or all obligations undertaken by Austria in the present Treaty. As regards rights of industrial, literary and artistic property acquired after the coming into force of the present Treaty, the right so reserved by the Allied and Associated Powers shall only be exercised in cases where these limitations, conditions or restrictions may be considered necessary for national defence or in the public interest.

In the event of the application of the provisions of the preceding paragraph by any Allied or Associated Power, there shall be paid reasonable indemnities or royalties, which shall be dealt with in the same way as other sums due to Austrian nationals are directed to be dealt with by the present Treaty.

Each of the Allied or Associated Powers reserves the right to treat as void and of no effect any transfer in whole or in part of or other dealing with rights of or in respect of industrial, literary or artistic property effected after July 28, 1914, or in the future, which would have the result of defeating the objects of the provisions of this Article.

The provisions of this Article shall not apply to rights in industrial, literary or artistic property which have been dealt with in the liquidation of businesses or companies under war legislation by the Allied or Associated Powers, or which may be so dealt with by virtue of Article 249, paragraph (b).

ARTICLE 259.

A minimum of one year after the coming into force of the present Treaty shall be accorded to the nationals of the High Contracting Parties, without extension fees or other penalty, in order to enable such persons to accomplish any act, fulfil any formality, pay any fees, and generally satisfy any obligation prescribed by the laws or regulations of the respective States relating to the obtaining, preserving or opposing rights to, or in respect of, industrial property either acquired before July 28, 1914, or which, except for the war, might have been acquired since that date as a result of an application made before the war or during its continuance, but nothing in this Article shall give any right to re-open interference proceedings in the United States of America where a final hearing has taken place.

All rights in, or in respect of, such property which may have lapsed by reason of any failure to accomplish any act, fulfil any formality, or make any payment, shall revive, but subject in the case of patents and designs to the imposition of such conditions as each Allied or Associated Power may deem reasonably necessary for the protection of persons who have manufactured or made use of the subject-matter of such property while the rights had lapsed. Further, where rights to patents or designs belonging to Austrian nationals are revived under this Article, they shall be subject in respect of the grant of licences to the same provisions as would have been applicable to them during the war, as well as to all the provisions of the present Treaty.

The period from July 28, 1914, until the coming into force of the present Treaty shall be excluded in considering the time within which a patent should be worked or a trade mark or design used, and it is further agreed that no patent, registered trade mark or design in force on July 28, 1914, shall be subject to revocation or cancellation by reason only of the failure to work such patent or use such trade mark or design for two years after the coming into force of the present Treaty.

ARTICLE 260.

The rights of priority provided by Article 4 of the International Convention for the Protection of Industrial Property of Paris of March 20, 1883, revised at Washington in 1911, or by any other Convention or Statute, for the filing or registration of applications for patents or models of utility and for the registration of trade marks, designs and models which had not expired on July 28, 1914, and those which have arisen during the war or would have arisen but for the war, shall be extended by each of the High Contracting Parties in favour of all nationals of the other High Contracting Parties for a period of six months after the coming into force of the present Treaty.

Nevertheless, such extension shall in no way affect the right of any of the High Contracting Parties or of any person who before the coming into force of the present Treaty was *bona fide* in possession of any rights of industrial property conflicting with rights applied for by another who claims rights of priority in respect of them, to exercise such rights by itself or himself personally, or by such agents or licensees as derived their rights from it or him before the coming into force of the present Treaty; and such persons shall not be amenable to any action or other process of law in respect of infringement.

ARTICLE 261.

No action shall be brought and no claim made by nationals of the former Austrian Empire or by persons residing or carrying on business within the territory of that Empire, on the one part, and on the other part by persons residing or carrying on business in the territory of the Allied or Associated Powers, or persons who are nationals of such powers respectively, or by any one deriving title during the war from such persons, by reason of any action which has taken place within the territory of the other party between the date of the existence of a state of war and that of the coming into force of the present Treaty, which might constitute an infringement of the rights of industrial property or rights of literary and artistic property, either existing at any time during the war or revived under the provisions of Articles 259 and 260.

Equally, no action for infringement of industrial, literary or artistic property rights by such persons shall at any time be permissible in respect of the sale or offering for sale for a period of one year after the signature of the present Treaty in the territories of the Allied or Associated Powers on the one hand or Austria on the other, of products or articles manufactured, or of literary or artistic works published, during the period between the existence of a state of war and the signature of the present Treaty, or against those who have acquired and continue to use them. It is understood, nevertheless, that this provision shall not apply when the possessor of the rights was domiciled or had an industrial or commercial establishment in districts occupied by the Austro-Hungarian armies during the war.

This Article shall not apply as between the United States of America on the one hand and Austria on the other.

ARTICLE 262.

Licences in respect of industrial, literary or artistic property concluded before the war between nationals of the Allied or Associated powers or persons residing in their territory or carrying on business therein, on the one part, and nationals of the former Austrian Empire, on the other part, shall be considered as cancelled as from the date of the existence of a state of war between the former Austro-Hungarian Monarchy and the Allied or Associated Power. But, in any case, the former beneficiary of a contract of this kind shall have the right, within a period of six months after the coming into force of the present Treaty, to demand from the proprietor of the rights the grant of a new licence, the conditions of which, in default of agreement between the parties, shall be fixed by the duly qualified tribunal in the country under whose legislation the rights had been acquired, except in the case of licences held in respect of rights acquired under the law of the former Austrian Empire. In such cases, the conditions shall be fixed by the Mixed Arbitral Tribunal referred to in Section VI of this Part. The tribunal

may, if necessary, fixed also the amount which it may deem just should be paid by reason of the use of the rights during the war.

No licence in respect of industrial, literary or artistic property, granted under the special war legislation of any Allied or Associated Power, shall be affected by the continued existence of any licence entered into before the war, but shall remain valid and of full effect, and a licence so granted to the former beneficiary of a licence entered into before the war shall be considered as substituted for such licence.

Where sums have been paid during the war in respect of the rights of person referred to in Article 249 (*b*) by virtue of a licence or agreement concluded before the war in respect of rights of industrial property or for the reproduction or the representation of literary, dramatic or artistic works, these sums shall be dealt with in the same manner as other debts or credits of such persons as provided by the present Treaty.

This Article shall not apply as between the United States of America on the one hand and Austria on the other.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR THE MONTH OF FEBRUARY 1921.

I. **Character of the season.**—During the first two weeks of the month light rain fell almost throughout the Presidency. The fall was below normal in all the districts. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Harvesting of potatoes, mustard and sugarcane and preparatory tillage for the next autumn crops were proceeding. The rainfall in the early part of the month benefited the late sown spring crops and facilitated field operations generally.

III. **State of standing crops.**—The standing spring crops were, on the whole, doing well.

IV. **Prospects and probable outturn.**—The prospects of tobacco, wheat, barley and summer rice were reported to be favourable. A satisfactory outturn is anticipated for the late sown spring crops.

V. **Damage to standing crops.**—No report of damage to the standing crops was received from any district.

VI. **Condition of agricultural stock.**—The condition of agricultural stock was fair. Stray cases of cattle disease were, however, reported from nine districts.

VII. **Failure of pasturage and fodder.**—There was sufficiency of fodder everywhere.

VIII. **Prices of food-grains.**—During the second fortnight of the month under review the price of rice of the cheapest quality rose in one district, fell in fourteen and remained stationary in the rest. It ranged from 6¼ seers a rupee at Tippera to 8½ seers at Dacca.

IX. **Condition of agricultural people.**—The condition of the agricultural population throughout the province was fair.

Darjeeling.

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a holding paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 300, to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions :—

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied, free of cost, at the Municipal office.

2. A fee of Rs. 100 must be paid to the Commissioners by such owner or occupier for each connection to a Municipal main supply-pipe or a common communication-pipe laid in accordance with rule 3 before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Except as provided below, each holding must have a separate connection to the Municipal main supply-pipe and extensions from the communication-pipe of one holding to another holding shall not be permitted :

Provided that, with the consent of the Commissioners in meeting connections to two or more holdings may be permitted from a common communication-pipe. Any such communication-pipe must be laid in a

street or common passage and a stop-cock and meter, as provided for in rule 7, must be fixed on the connection to each holding :

Provided also that no holding shall have more than one separate connection, but if in any case the Commissioners are satisfied that an adequate supply to any holding cannot be given through a single connection they may sanction additional connections thereto.

4. The owner or occupier of the holding in respect to which the connection is required, must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, water-mains or pipes, and the cost of such other works, as may be necessitated by, or result from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must, at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition or which may be necessitated by any change in the Municipal water-works or system of distribution or by the defective condition of the connection or any part thereof or by any other cause whatever.

6. (*1*) The works required under rules 4 and 5 may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the works are required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners

(*2*) No work shall be carried out under sub-rule (*1*), except under the supervision of a Municipal officer.

(*3*) When the works required by rules 4 and 5 are carried out by the Commissioners, the cost must be deposited before such works are commenced and the owner or occupier on whose behalf the works are done will be responsible for any damage or repairs to or stoppage of the pipes after the same have been handed over by the Commissioners.

7. A holding connection shall comprise the following part or fittings :—

(*a*) a brass or gun-metal ferrule inserted in the main supply-pipe ;

(*b*) a galvanized iron communication-pipe from the ferrule to the meter ;

(*c*) a stop-cock and its surface-box ;

(*e*) service-pipes from the stop-cock to the taps ;

(*f*) taps ; and

(*g*) a long screw with back nuts, fixed immediately beyond the stop-cock or meter pit on the house side to enable repairs to be made without disturbing the Municipal fittings.

8. (*1*) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(*2*) All fittings shall be inspected and tested and stamped by an officer of the Municipality before being fixed.

(*3*) If any owner or occupier shall desire to instal baths or lavatory fittings provided with water-fittings or any other fittings not covered by the schedule of approved fittings, he must present such fittings for the approval of the Chairman and any fittings so presented, if considered necessary, may be stamped and samples thereof may be purchased and placed among the standard fittings.

9. The holding connection, when fitted in position, must be capable of standing a pressure of *400* feet, and no water shall be supplied until it has stood such a test applied by the Commissioners.

10. The size of the ferrule and the diameter of the communication-pipe referred to in clauses (*a*) and (*b*) of rule 7, and the number of taps shall be fixed in accordance with the annual valuation of the holdings as follows :—

„ 1,801 „ 2,400 ...	¼	1	6
„ 2,401 and upwards by special arrangement.			

11. If at any time it is found that the number of taps in any connected holding is in excess of the number permitted by the rules under which the connection to the holding was allowed by the Commissioners, the Commissioners may provide and fix a meter on the connection and recover the cost of so doing from the owner or occupier.

12. (*1*) On every communication-pipe, a brass or gun-metal stop-cock having the same water-way as such pipe shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(*2*) The stop-cock shall be built in a brick, stone or concrete chamber provided with a cast-iron surface cover-box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(*3*) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

13. (*1*) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(*2*) The meter must be fixed in a brick, stone or concrete chamber covered over with a cast-iron surface-box of approved pattern.

14. The Commissioners shall depute an authorized person to read every meter not less than once a month.

15. (*1*) Every owner or occupier of any holding, in respect of which a connection has been made, under these rules, shall be entitled to a supply of—

(*b*) a further proportionate number of gallons per quarter for every additional fraction of a rupee, paid by him quarterly as water-rate in respect of such holdings;

(*c*) and such allowance for sanitary purposes as the Chairman may in each case decide.

(*c*) if the owner or occupier of the holding touches or interferes with his meter in any way, except with the permission of the Chairman, or wilfully or negligently injures or damages it ;
(*d*) if the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood ;
(*e*) if the owner or occupier of the holding shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same ;
(*f*) if the owner or occupier of the holding constructs or fixes any cisterns, tanks, reservoirs, taps, pipes or any other works in connection with the water-supply not authorized by these rules ;
(*g*) if the pipes, taps, ball-cocks, cisterns or any other parts of the connection are, in the opinion of the Commissioners, in a leaking condition or a state of disrepair :

Provided that such disconnection or turning off of water-supply shall not relieve any person from any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (*d*), an officer authorized by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reason in writing.

17. Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as "Screw-down High pressure." Every tap shall be at least 2 feet and not more than 2 feet 6 inches above the surface of the ground beneath.

Any taps fed from such cistern, tank or reservoir must be included in the number of taps allowed under rule 10.

No. 632.

PUBLIC.

Delhi, the 7th March 1921.

RESOLUTION.

The Government have had recently under consideration the question of the right of Government officers to explain and defend in public the policy of the Government. The existing orders on this subject are contained in rules 20, 22 and 23 of the Government Servants' Conduct Rules. Under rule 20 a Government servant may not publish in the press any statement of fact or opinion which may embarrass the relations between the Government and any section of the people; under rule 22 he may not take part in any political movement, nor attend any political meeting at which his presence is likely to be misconstrued; and under rule 23 he may not interfere or use his influence in any way in an election to a legislative council, except that he may record a vote; if he is qualified to do so. These rules were framed many years ago; in the interval the conditions have greatly altered; and in the Report on the Indian Constitutional Reforms it was recommended that in view of these changes there should be a greater liberty of action to the European public servant in India. "He ought not," it was urged and of course the same considerations apply to the Indian public servant, "to leave the task of political education solely to the politicians. He too must explain and persuade and argue and refute." This view was endorsed by the Joint Committee in their Report on the Government of India Bill.

2. The Government of India realise the objections to the participation in politics of Government officers. They recognise that it is the clear duty of their officers to refrain from any action that might lay them open to the charge of attempting to influence the course of an election. They recognise too that in the main the defence of the policy of Government is the concern of the Government itself, and in regard to most matters of public interest they do not desire that their officers should embark on vigorous propaganda in their interests. But, in the conditions now obtaining, there are subjects on which Government officers cannot be prohibited from expressing their views merely because by so doing they will run counter to the tenets of a political party. The non-co-operation movement is a clear instance in point. A campaign is being carried on at the present moment by the adherents of this movement which has for its object the paralysis of the Government. and which seeks to attain this object by seditious and unscrupulous propaganda amongst the masses of the people. In regard to movements of this kind Government officers cannot be required to maintain an attitude of silence and aloofness. They must be permitted, indeed it is their duty, to counter and refute such propaganda; and if their action in this direction is to be fully effective, it may be necessary on occasions for them to address public meetings.

3. The Government of India have therefore decided, with the approval of the Secretary of State, that in future, and subject to certain clear limitations, Government officers will be allowed to explain and defend in public the policy of the Government. The action taken must be for the purpose of removing misapprehensions, correcting misstatements, or refuting disloyal and seditious propaganda; so far as possible there should be no reference to the personality of parties or individuals who may be in opposition to the Government; and when elections are impending Government officers must be careful that they give no ground for the suggestion that statements of facts or views made by them have been made with the object of influencing the electors in favour of, or against, any party or an individual candidate. Further, no statement of facts or opinion on public matters may be published by a Government servant in the press under his own name without the permission of the local Government But subject to these conditions Government officers will be at liberty to defend and explain the policy of Government either in interviews with the members of the public, at local Durbars, or on the platform. Rules 22 and 23 of the Government Servants' Conduct Rules have accordingly been redrafted and a copy of the revised rules is appended to this Resolution.

Order.—Ordered that the Resolution be published in the *Gazette of India* and that copy be forwarded to all local Governments and Administrations and Departments of the Government of India for information.

Amendments in the Government Servants' Conduct Rules.

Rule 22.—(1) A Government servant may, for the purpose of removing misapprehensions, correcting misstatements and refuting disloyal and seditious propaganda, defend and explain in public the policy of the Government. Save, however, as provided in rules 17, 18, 19 a Government servant may not make any communication to the press in regard to the policy or acts of the Government without the sanction of the local Government or such superior authority as the local Government may prescribe.

(2) In any action taken by them under sub-paragraph (1) Government servants should, so far as possible, refrain from making any reference to the personality of parties or individuals who may be in opposition to the Government, and when elections are impending, they must give no ground for the suggestion that any statements of facts or views made by them have been made with the object of influencing electors in favour of or against any party or individual candidate.

Rule 23.—(1) Save as provided in rule 22 or when acting under the express instructions of the local Government a Government servant may not take part in, or subscribe in aid of, any political movement in India or relating to Indian affairs. Where there is room for doubt whether any action which a Government servant proposes to take will contravene this provision, he should refer the matter to the local Government to which or to the Government servant to whom he is immediately subordinate.

(2) A Government servant, who is a whole-time Government servant, may not, by canvassing or otherwise, interfere or use his influence in any way, in an election to a legislative council except that he may record a vote, if he is qualified to do so, and in that case he should, as far as possible, avoid giving any indication beforehand of the direction in which he intends to vote.

(3) A Government servant, who is a whole-time Government servant, may not, save to the extent permissible in the case of elections to Legislative Councils or unless he is himself a candidate, who is legally eligible and has obtained from proper authority such permission, if any, as is required to enable him to stand for election, take party in elections to Municipal Committees, District Boards and Local Boards.

PUBLIC WORKS DEPARTMENT.

ESTABLISHMENT.

The 24th March 1921.

No. 38.—The following Regulations, issued by the Secretary of State for India, regarding the appointment of Assistant Executive Engineers in the Public Works and State Railway Departments of the Government of India in 1921, are republished for general information.

C. P. WALSH,

Secretary to the Government of Bengal.

INDIAN SERVICE OF ENGINEERS AND ENGINEERING ESTABLISHMENT OF INDIAN STATE RAILWAYS.

Regulations as to appointment of Assistant Executive Engineers in 1921.

[*The Secretary of State is unable to give any undertaking that the Regulations will remain unaltered in the future.*]

1. Until further notice the Secretary of State for India in Council will, during each year, make a number of appointments of Assistant Executive Engineers in the Public Works and State Railway Departments of the Government of India.

In making these appointments he will act with the advice of a Selection Committee, including at least one eminent representative of the Engineering profession.

In 1921 it is intended that nine appointments of Europeans and two of Indians should be made

The Selection Committee will probably sit in May or June.

2. Applications must be made on a printed form, which may be obtained from the Secretary, Public Works Department, India Office, Whitehall, S. W. 1, and should reach the India Office not later than 30th April.

3. Every European candidate must have been born on or after the 2nd August 1894 and on or before the 1st August 1899.

An Indian candidate must have attained the age of 21 and not attained the age of 24 years* on the first day of July of the year in which he offers himself for appointment, except that in the case of an Indian who has rendered service of the nature defined in Regulation 4, the same maximum age limit as for Europeans will apply.

N. B.—*Indians must obtain a certificate of age and nationality in the form explained in Appendix II. As the production of this certificate is a necessary condition of appointment intending candidates are advised to procure it without delay. The certificate should be forwarded to the India Office together with the candidate's form of application or at the earliest subsequent opportunity.*

4. Every European candidate in 1921, subject to the exception stated below, must have served in His Majesty's Naval, Military or Air Forces during the war for at least one year, or if his service be less than one year have been discharged on account of wounds or sickness resulting from such service.

In the case of Europeans who have been prevented on adequate grounds from joining His Majesty's Forces, applications to be exceptionally admitted as candidates may be made to the India Office for consideration.

5. Every European candidate must be a British subject and, except as provided in Regulation 6 if he or his father or his mother was not born within His Majesty's Dominions and allegiance, the father must at the time of the candidate's birth have been a British subject and still be (or have continued to be until his death) a British subject. The decision of the Secretary of State in Council whether a candidate satisfies these conditions shall be final. A candidate must also be of good moral character and sound bodily health and, in the opinion of the Secretary of State for India in Council, in all respects suitable to hold an appointment in the Indian Public Works Department or State Railway Department.

6. Indians are eligible for the appointments open to them provided that they are British subjects or that the Governor-General in Council has made a declaration under section 96A of the Government of India Act, 1915, as amended by section 3 of the Government of India (Amendment) Act, 1916, that they are to be considered eligible.

7. Indian candidates must produce evidence that they have either (1) obtained one of the University degrees mentioned in Appendix I; or (2) passed Sections A and B of the A.M.I.C.E. examination; or (3) obtained such other diploma or distinction in Engineering as the Secretary of State may decide to accept in any particular case. It is preferred that candidates

* Subject to the exception stated in paragraph 3, the maximum age limit of 24 years for Indian candidates will be maintained for the next two years and will be reduced to 23 years in 1924.

should have taken a college course and obtained one of the degrees mentioned in Appendix I. They must in addition have had at least one full year's practical experience of Civil Engineering under a qualified civil engineer at the time when they appear before the Selection Committee. Those whose qualifying diploma has been obtained without a college course should have had a full three years of such practical experience.

8. European applicants eligible under Rule 4 who can produce evidence of the above qualifications will be admitted as candidates; others not holding one of the recognised degrees or diplomas must produce evidence—

(*a*) of having received a general education high enough to fit them to receive proper professional training and to become members of the Engineering profession;

(*b*) of having received some technical education (University or otherwise) in Engineering; and

(*c*) of having had some practical training and experience in Engineering as civilians and in military or quasi-military service.

An applicant who has served or is serving at the time of his application, must produce, if possible, a report by his Commanding Officer on his character, administrative capacity and powers of organisation, and aptitude, natural bent, and Engineering experience.

9. In the event of any candidate being selected who has not, in the opinion of the Selection Committee, had sufficient practical experience, he may be required to undergo, after arrival in India, such period of probation in charge of works as may be decided upon, and his final appointment will be made dependent upon the result of such probation.

10. Candidates must be prepared, if called upon, to attend at the India Office, at their own expense, for a personal interview with the Selection Committee.

11. Candidates will further be required, before final appointment by the Secretary of State in Council, to appear, at their own expense, before the Medical Board at the India Office for examination as to their physical fitness for service in India.

The Regulations governing the physical examination of candidates for the Public Works and State Railway Departments of the Government of India are given in Appendix III.

12. Selected candidates will also be required to satisfy the Secretary of State of their ability to ride.

13. They will on appointment be provided with a free first-class passage to India and they will be expected to proceed thither about the end of September or later in the year in which they are appointed.

Their pay will begin from the date of their landing in India, and, if they so desire, they will be able to obtain an advance of two months' pay, recoverable by monthly instalments of one-third of salary. Of this advance a portion not exceeding one-half may be drawn in England.

Selected candidates will be examined by the Civil Service Commissioners as to their ability to ride, and will be required to obtain either—

(*a*) a certificate from the Civil Service Commissioners that they are sufficiently at home in the saddle for the efficient performance of all the duties of the Indian Public Works and State Railway Departments; or

(*b*) a certificate from the Civil Service Commissioners of minimum proficiency in riding.

In the latter case they will be subjected, on their arrival in India, to such further tests in riding may be prescribed by their Government

Candidates are warned that the certificate of minimum proficiency in riding, without which they will not be allowed to proceed to India, is only granted to those who can qualify in a series of tests, which includes jumping

The chief tests will be saddling and bridling; mounting and dismounting; trotting and cantering; riding at a trot without stirrups; riding at a trot with stirrups but without reins; jumping a hedge hurdle about 3 feet in height.

Although the examination will, in the main, be confined to these points, the examiner will not be debarred from applying any other tests which may appear desirable.

14. If less than 24 years of age on 1st August 1921, candidates will enter the service as Assistant Executive Engineers on a salary of Rs. 6,300 a year. If above 24 years, they will be credited with service as though they had been appointed in their 24th year. The years of service so credited will subsequently count for purposes of pay and promotion, but not for leave.

15. Service in His Majesty's Forces will count for active and total service for pension (including invalid pension) as follows :—Candidates who have attained the age of 25 on 1st August preceding arrival in India, will be allowed to count a period not exceeding one year, provided such period was spent on active war service, including sick leave.

16. The instruments required by Assistant Executive Engineers are supplied to them in India.

17. Particulars as to pay, pension, &c., are contained in Appendices IV and V.

APPENDIX III.

REGULATIONS AS TO THE PHYSICAL EXAMINATION OF CANDIDATES FOR APPOINTMENT TO THE PUBLIC WORKS DEPARTMENT OF THE GOVERNMENT OF INDIA.

Note—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.

It is not the practice to communicate to candidates who may be reported as physically unfit for service in India the reasons for the Medical Board's opinion.

General Physical Requirements.

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth :—

Age.	Height without Shoes.	Chest.	
		Girth when expanded.	Range of Expansion.
	Inches.	Inches.	Inches.
21 and upwards	62½ and under 65	35	2
	65 „ 68	35½	2
	68 „ 70	36	2
	70 „ 72	36½	2½
	72 and upwards	37	2½

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. In the Indian Police Force a minimum height of 5 ft. 4 ins. is required, but in other Departments no fixed limit of height is imposed.

4. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. The Regulations as to the standard of vision required are shown separately for each department. In all cases of "colour blindness" a note of the same will be made on the candidate's papers.

Candidates may, if they wish it, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions:—

(*a*) Applications must be addressed to the Under-Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement as to the particular appointment which the candidate desires to obtain.

(*b*) Candidates must pay their travelling expenses.

(*c*) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to the examination, or to their appointment.

(*d*) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

Regulations as to the Standard of Vision.

1. If myopia in one or both eyes exists, a candidate may be passed provided the ametropia does not exceed 3·5 D, and if, with correcting glasses not exceeding 3·5 D, the acuteness of vision in one eye equals $\frac{6}{9}$ and in the other $\frac{6}{6}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate, provided the lens, or the combined spherical and cylindrical lenses, required to correct the error of refraction, does not exceed 3·5 D; the acuteness of vision in one eye, when corrected, being equal to $\frac{6}{9}$, and in the other $\frac{6}{6}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D, is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{9}$, and in the other eye equals $\frac{6}{6}$, with +4 D glasses, or any lower power.

4. Hypermetropic astigmatism does not disqualify, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{6}{9}$, and the other $\frac{6}{6}$, with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{12}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in these rules, may exclude a candidate.

6. Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. Any imperfection of the colour sense is a disqualification for appointment to the engineering branch of the Railway Department. In other cases the existence of imperfection of colour sense will be noted on the candidate's papers.

For all Appointments under the Indian Government a declaration, as follows, is required from Candidates.

1. I _____ declare upon honour that, to the best of my knowledge and belief, I am not at present suffering or affected with any form of disease or bodily infirmity, such as—

(*a*) Disease of the heart or lungs.
(*b*) Venereal disease.
(*c*) Fits.
(*d*) Rupture.

2. That I have not to my knowledge any hereditary tendency or predisposition to mental or constitutional disease, such as—

(*a*) Fits or insanity.
(*b*) Cancer.
(*c*) Consumption or scrofula.

3. That I will fully reveal to the Medical Board all circumstances within my knowledge that concern my health and fitness for the appointment for which I am a candidate.

APPENDIX V. (*See para. 17 of the Regulations.*)

NOTE.—This Appendix is merely intended to show the principal leave and pension rules in the Civil Service Regulations at present applicable to Engineers appointed to the Indian Services from the United Kingdom without going into minute details, and does not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Civil Service Regulations for the time being.

LEAVE.

1. The following is a summary of the principal regulations relating to the leave admissible to Engineers appointed to the Indian Services by the Secretary of State from the United Kingdom.

Long Leave.

2. Furlough with allowances (*see* paragraph 5) is admissible to an aggregate maximum amount of six years during an officer's service.

3. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

4. Except as provided in Rule 7, furlough without medical certificate is limited to the amount "due" and may not exceed two years at a time. On medical certificate furlough may be extended to three years.

5. The allowances admissible during furlough are—

(1) During any period of furlough not exceeding two years, half average salary, subject to certain maximum and (in the case of furlough with medical certificate) minimum limits.

(2) After the expiration of the first two years of any period of furlough, one quarter of average salary, subject to certain maximum and minimum limits.

6. Furlough on half average salary (*see* paragraph 5) may be commuted into leave on higher pay subject to the following conditions:—

(1) The leave on higher pay, or "commuted furlough," is fixed at one-half of the furlough commuted.

(2) The amount of furlough which may be commuted during an officer's total service is limited to two years.

(3) The commuted furlough will carry an allowance at the rate of average salary, subject to a maximum of £ 2,400 a year.

(4) Subject to special consideration in exceptional circumstances, an officer must have six months' furlough at his credit at the end of the "commuted furlough", or any leave granted to him in continuation of it.

(5) In any one period of leave not more than eight months may be spent on "commuted furlough" or on "commuted furlough" combined with privilege leave.

(6) For the purpose of the rules governing the extent to which leave taken out of India may be allowed to count as service for pension, time spent out of India on "commuted furlough" will be reckoned according to its actual duration, and not according to the duration of the furlough in exchange for which it is granted.

7. In respect of urgent private affairs, an officer may be granted furlough in excess of the amount "due" for a period not exceeding six months at one time or 12 months in the whole of his service.

Short Leave.

8. Privilege leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to four months. It may be combined with leave of other kinds.

9. Joining time for a short period, usually with half average salary, is granted to an officer returning from leave out of India to enable him to rejoin his appointment.

10. Short leave is also granted to enable officers to appear at examinations, &c.

11. Extraordinary leave without allowances may be granted in case of necessity, and, subject to exception in special cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

General.

12. Leave of absence, whether on furlough or on privilege leave, cannot be claimed as of right, and is given or refused at the discretion of Government.

PENSIONS.

13. The following is summary of the pension rules applicable to Engineers appointed to the Indian Services by the Secretary of State from the United Kingdom.

Ordinary Pensions.

14. Subject to the absolute right of the Government of India to decline to permit any officer to retire before reaching the age for superannuation, should it be necessary in the public interest to retain his services, officers will be allowed to retire optionally after 20 or more years' service.

15. Retirement is ordinarily required at the age of 55 years, but for special reasons an officer is sometimes retained after attaining that age.

16. An officer becomes eligible for full retiring pension on completing 30 years' qualifying service.

17. If before completing this period of service an officer is permitted to retire voluntarily after completion of 20 or more years' qualifying service (paragraph 14), or is compelled to retire on attaining the age of 55 (paragraph 15), or through ill-health not occasioned by irregular or intemperate habits, he will be eligible for a reduced pension or, if invalided with less than 10 years' qualifying service, for a gratuity.

18. The amount of pension or gratuity is regulated as follows :—

(*a*) After a service of less than 10 years.—A gratuity not exceeding one month's emoluments for each completed year of service.

(*b*) After a service of not less than 10 years.—A pension not exceeding the following amounts :—

Years of Completed Service.	Maximum Limit of Pension.	Years of Completed Service.	Maximum Limit of Pesion.
10	1,000 a year	19	3,000 a year
11	1,400 „	20	4,000 „
12	1,800 „	25	5,000 „
13	2,200 „	26	5,200 „
14	2,600 „	27	5,400 „
15	3,000 „	28	5,600 „
16	3,000 „	29	5,800 „
17	3,000 „	30	6,000 „
18	3,000 „		

19. Government may retire any officer after he has completed 25 years' service without giving reasons, and without any claim for compensation in addition to pension, and in that event the pension admissible to him will ordinarily be regulated on a scale not exceeding that laid down above. Government also reserves the general power to reduce the pension ordinarily admissible in all cases where an officer's service has been unsatisfactory.

Additional Pensions.

20. The Government of India have classified certain high appointments into two grades, the lower comprising those posts which involve high but intermediate responsibility, the higher consisting of those which require a marked degree of independent administrative and professional capacity. Officers who have held appointments listed in the lower grade will be entitled to an additional pension at the rate of Rs. 300 per year for each completed year of effective service in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 1,500 in respect of service classed in the lower grade. Officers who have held appointments listed in the upper grade will be entitled to an additional pension at the rate of Rs. 500 for each completed year of effective service rendered in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 2,500 in respect of service rendered in the lower and upper grades combined or in the upper grade alone.

21. These additional pensions will be awarded only to officers who have given proof of special energy and efficiency, and will be subject to the condition that an officer must not retire voluntarily before the age of 55 with less than 28 years' service.

The upper grade includes the Secretary to the Government of India, Public Works Department, the Inspector-General of Irrigation, Chief Engineers of the Indian Service of Engineers, Agents of State Railways (if in pensionable service) and Chief Engineers, Railways.

The lower grade includes Superintending Engineers, Indian Service of Engineers, Deputy Secretary to the Government of India, Public Works Department, Deputy Agents of State Railways (if in pensionable service) and the Secretary, Railway Board (if in pensionable service).

PROVIDENT FUND.

22. A general Provident Fund, to which contribution is compulsory, has also been established on the following basis :—

(1) The contribution is compulsory up to 6¼ per cent. on salaries, with voluntary contributions of not more than a further 9⅜ per cent. Subscriptions on leave of any kind are optional.

(2) Compound interest on such payments is annually credited by Government to each officer subscribing.

(3) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him, unconditionally, on quitting the service; or, in the event of his death before retirement, to his legal representatives or such other person or persons as, under and subject to the rules of the Fund for the time being in force, may be entitled thereto.

For office use only.

DEPARTMENT OF STATISTICS, INDIA.

CALCUTTA TRADE FLUCTUATIONS.

THE following tables are intended to show the trade by all routes, *i.e.*, by rail, river, canal, road, and sea, of the Calcutta block* in certain selected articles during the months of April, 1920, to January, 1921, as compared with the corresponding periods of 1919-20 and 1918-19. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the Collectors of the 24-Parganas and Howrah, and the Assistant Engineer, Calcutta Canals.

General Summary.

Imports.—The imports of rice, including paddy†, into Calcutta* by rail, river, canal, road and sea (coastwise) during the months of April, 1920, to January, 1921, amounted to 8,981,000 maunds, as against 18,943,000 maunds in the corresponding period of the preceding year—a decrease of 53 per cent. There was an increase of 41 per cent in the imports of coal and coke (114,694,000 maunds as against 81,284,000 maunds last year).
